

### Feral Choir Registration Form

This is a workshop and performance, not only for singers but also for anyone who takes a delight in the freedom to experiment. The courage to take a vocal leap and enjoy expanding the borders of your own voice will equip you more than any formal training. Phil Minton will spend three days encouraging vocal exploration through exercises and improvisations, and on the final day, he will compose and rehearse with the participants. The Feral Choir Concert will then be presented
